

Brothers and Sisters

The spiritual and physical well being of our congregation is very important to the elders. When hazardous driving conditions coincide with our meeting times, the chance of injury from slips and falls or automobile accidents is greatly increased. At all times we insist that members exercise their best judgment as to their own ability to safely travel to any church function. We also insist that if any member feels it is unsafe to travel that they please stay home. In an effort to protect the congregation from undue risk during such times we have decided to implement the following policy.

*If local TV or radio stations have reported the issuance of a severe winter weather warning and/or have discouraged travel, please watch the local news channels (especially KCBD (NBC channel 11) for possible cancellation of our services. Any cancellation announcement will also be posted on our website at quakeravenue.com and we will attempt to send an announcement to those receiving Quaker Avenue Updates via email. The answering machines at the church office will also be updated with a recorded message announcing the cancellation. The number to the office is 792-0716. You may also call any of the elders if you have questions about scheduled services.*

*If weather or driving conditions seem to warrant concern, please check at least 2 of the information sources (TV, answering machines, website, email) in case we have either been unable to get through to the TV station or have encountered problems updating the website or sending email.*

We do not anticipate many cancellations, but thought it wise to set forth this policy and to make it known to the congregation to help reduce confusion should the need for such cancellations arise. As always, should you have any questions about this decision, please feel free to call upon any of us. It is a pleasure to serve such a wonderful congregation.

Blessings to you all.

The elders.
